AWS D1.1/D1.1M 2025: - Steel

Provides the official requirements for welding steel structures, covering design, fabrication, qualification, and inspection. Essential for fabricators, inspectors, and engineers.

(AWS D1.1) \$1,149.95

AWS D1.2- 2020: - Aluminum

Provides the official requirements for welding aluminum structural alloys, covering welding rules, commentary, and the 2020 errata. Essential for fabricators, inspectors, and engineers.

(9780871718402) \$524.95

AWS D1.3/D1.3M 2018: - Sheet Steel

Provides the official requirements for welding sheet steel (yield $\leq$ 80 ksi / 550 MPa), covering design, prequalification, welder qualification, fabrication, and inspection. Essential for fabricators, inspectors, and engineers.

(9780871719188) \$388.95

AWS D1.4-2018: - Reinforcing Steel

Provides the official requirements for welding reinforcing steel in concrete applications, covering allowable stresses, workmanship, qualification, inspection, and detailing such as anchorage and inserts. Essential for fabricators, inspectors, engineers, and construction professionals

(9780871719577) \$369.95

AWS D1.5M/D1.5: 2025: - Bridge Welding Code

Provides the official welding requirements for bridge fabrication using carbon and low-alloy steels, covering design, fabrication, fracture-critical welding, inspection, and qualification. Essential for structural engineers, welders, inspectors, and fabricators.

(9781643223421) \$834.95

AWS D1.6/D1.6M 2017: - Stainless Steel

Provides the official requirements for welding stainless steel structural assemblies (minimum base-metal thickness of 1/16 in or 1.5 mm), covering fabrication, assembly, and erection under design stress. Essential for fabricators, inspectors, engineers, and contractors.

(9780871719065) \$534.95

AWS D1.8/D1.8M 2025: - Structural Welding Code Seismic Supplement

This code supplements the requirements of AWS D1.1/D1.1M, Structural Welding Code—Steel. It is intended to be applicable to welded joints in Seismic Force Resisting Systems designed in accordance with the AISC Seismic Provisions.
