Code Finders are fast-reference guides designed to help contractors, tradespeople, inspectors, students, and builders quickly locate important code requirements without searching through full code books.

Our popular spiral-bound editions are pre-tabbed for easy navigation and organized with practical topics, quick-reference charts, formulas, code changes, field applications, and commonly used standards for faster jobsite and exam use. Simplify complex code information into an accessible, professional tool built for daily use. Based on the latest adopted codes—including the NEC, IRC, IBC, IPC, IMC, UPC, UMC, NFPA 13, and NFPA 25- Code Finders help users save time, improve accuracy, and work with confidence in the field.
